Leadership in the digital era – an insight

The digital transformation offers many opportunities and challenges. One requirement for companies is a new way of management. In this course you will learn how to implement this new leadership in your company.

Group of participants:

Managers who want to gain a first insight into the changed demands on their leadership role due to digitalisation.

Duration: **approx. 1 hour**

Language:  

Learning objectives

- ✓ You can distinguish between specialist and management tasks, focus on working on the company and are therefore more effective.
- ✓ You know how to empower your employees to find solutions independently.
- ✓ You can react appropriately to mistakes and know what is important when giving feedback.

Contents

Tasks of the (new) leadership

Working on instead of in the company

- Working on instead of in the company
