Building an agile organisation

Constant and rapid change is the new reality with which organisations must cope. Today's success breeds tomorrow's problems and a vast array of environmental changes challenge organisations to adapt. Agility is the solution. In this course, you will discover what agility is, learn about its foundations and principles, and the routines that you should put in place to make it happen.

Booking Number: **2953**

Group of participants:
Executives, CEOs, general managers, team leaders and project managers

Duration: **approx. 3.5 hours**

Language:

Unit price:
€ 119,- zzgl. MwSt. | € 141,61 inkl. MwSt.

Package prices from 50 licenses on request

Learning objectives

- You will learn the basics and the four steps to more agility.
- What changes you must implement in your company to become more adaptable.
- How to focus on your company and its strengths instead of copying others.
- You will learn that changes are not a one-time occurrence but rather a constant and ongoing process that never ends.
- How to implement changes and to develop the skills you need to do so.

Contents
