

OUR EXPERT FOR THIS MODULE

No one bridges the gap between new technologies, future strategies and the human innovation factor like Christoph Burkhardt. After seven years of living and working in Silicon Valley, he knows the difference between companies that seize the opportunities provided by new technologies early on and those that will no longer exist tomorrow.

e-learning

# Digital leadership – High performance teams

In the digital age, teamwork is being redefined. This poses new challenges for your employees as well as for you as the leader of your team.

In this e-learning course with our expert Christoph Burkhardt, you will receive impulses that encourage you to reflect on your own role in employee leadership and that provide food for thought that will help you find new and successful paths for you and your team.

Group of participants:

For managers of all levels as well as project leaders and decision makers who want to promote their team as a whole as well as each individual.

Duration: **approx. 0,5 hours**

Language:

## Learning objectives
